♂ Sex: Male

🐾 Breed: Munchkin x

👤 Carer: Lauren

📞 Phone: 0439 670 730

Date of listing 04/10/2021

Casper, as his name suggests, is the friendliest boy you will ever meet. He lives for attention from anyone and everyone.

He loves to play with the children and their toys, curl up to sleep near the dog and follow you around the house whether you are cooking in the kitchen, relaxing on the couch or soaking in the bathtub!

He even likes to be carried outside when the family go out to play and he gets upset if he is left behind. He really has the most wonderful temperament, he doesn't have a mean bone in his body.

Casper has had his veterinary health check and it is suspected that he is a little hard of hearing. Whilst this doesn't affect him in his everyday life, he will be restricted to living indoors only.

He has had his first vaccinations and he has been desexed. He is fully litter trained and he loves his food.

Casper is a very special cat and he is lovely company to have around. He is looking for a particular home where he will be considered part of the family and where he will receive the upmost love and attention.

Please contact Lauren on 0439 670 730 if you have room in your home and your heart for Casper and you would like to meet this beautiful boy.
