Hi I'm Indigo!

My brothers call me the "black shadow" because i surprise them from behind with a wrestle throw!

I eat all my food quickly then invite myself to other food bowls. I am not fussy and i always use my litter tray.

I love to sleep on your lap and enjoy lots of pats. Noise doesn't bother me and i love car rides with the radio on.

When my brothers settle down to sleep, i wind myself into the group and get comfortable.

I am looking for a best friend and a happy home with places for a "black shadow" to hide.

Call Tatum to come and meet me on 0481 215 370
